

**SUMMER
SPRINGBOARD**
Look Inward. Go Upward.

Nursing Infosheet

New student admissions for
Summer 2024 are open.

Program Highlights

- Discover the fundamental concepts of nursing, such as anatomy, communication, physiology, and public health promotion.
- Develop an understanding of patient health history and the application of a treatment plan.
- Focus on critical thinking and learn to translate theory into practice.
- Expand your decision-making and leadership skills.
- Gain hands-on experience through nursing simulations.

2024 Dates

Duke

- Session 2: July 14 - July 26

Academic Program Overview

Nursing is the largest, the most diverse, and one of the most respected of all healthcare professions. Nursing employment is expected to increase by 9% by 2030, post-pandemic, progressively more students have been considering this career path. Nurses are responsible for providing primary health care and specialty services to individuals, families, and communities. Discover the diverse career opportunities and what a day in the life of a nurse looks like. During the program, students will learn the fundamental concepts of the nursing profession and gain a comprehensive perspective on how patient care is administered.

Excursions

Students will welcome guest speakers with first-hand knowledge, discuss patient care, and benefit from hands-on experience and simulations.

Instructors

Ashley Wimmer, BSN-RN

Ashley Wimmer, BSN-RN is a registered emergency nurse at Piedmont Atlanta. She is a Colorado University at Boulder (B.S. in Neuroscience) and Denver College of Nursing (B.S. in Nursing) alum. Ashley returns as a 2024 Instructor after an incredible first year course in 2023, that left students with immense interest to pursue nursing. To learn more about Ashley, click [here](#).
